Animals on School Property

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a disability. This rule prohibiting animals on school property may be temporarily waived by the building principal in the case of a unique educational opportunity for students, provided that: (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

School Volunteers/Chaperons

All school volunteers must complete the "Volunteer/Chaperone Information Form" (available in the school office) and be approved by the school principal before assisting at the school. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer/chaperone opportunities, please contact the building principal. Volunteers/chaperones are required to check in and out at the main office and receive a visitor badge before going to their destination. According to Michigan State Law, volunteers and/or chaperones are required to pass a background check before you are allowed to help. Please have this handled before the day of the event due to the turnaround time that is needed to ensure everyone's safety.

Video Monitoring Systems

A video monitoring system may be used on school busses and a video monitoring system may be used in public areas of the school building. These systems have been put in place to protect students, staff, visitors, and school property. If a discipline problem is captured on videotape, that recording may be used as the basis for imposing student discipline. Since the tapes are considered part of a student's record, they can be viewed only in accordance with Federal Law. If criminal conduct is recorded, a copy of the tape may be provided to law enforcement personnel.

Attendance

Michigan law requires that whoever has custody or control of any child between ages 6 and 18 (unless the child has already completed high school graduation requirements) shall assure that the child attends public school during the entire school year. Michigan law requires that the student's attendance be continuous and consecutive for the school year fixed by the school district.

Michigan law includes the following exceptions to the mandatory school attendance requirement:

- 1) The parent/legal guardian of a child who is at least age 16 has provided to school officials a written notice that the child has the permission of the parent/legal guardian to stop attending school.
- 2) The child is attending a state approved nonpublic school, which teaches subjects comparable to those taught in the public schools to children of corresponding age and grade.
- 3) The child is less than 9 years of age and does not reside within 2-1/2 miles by the nearest traveled road of a public school. If transportation is furnished for pupils in the school district of the child's residence, this subdivision does not apply.
- 4) The child is age 12 or 13 and attends confirmation classes conducted for a period of 5 months or less.
- 5) The child is regularly enrolled in a public school while attending religious instruction classes for not more than 2 class hours per week, off public-school property during public school hours, upon written request of the parent/legal guardian.
- 6) The child is being educated at the child's home by his or her parent/legal guardian in an organized educational program in the subject areas of reading, spelling, mathematics, science, history, civics, literature, writing, and English grammar.

Student Absences

There are two types of absences: excused and unexcused. Excused absences include illness, observance of a religious holiday, death in the immediate family, family emergency, or other reasons as approved by the principal. All other absences are considered unexcused. **The principal must approve pre-arranged excused absences.** When a student accumulates ten or more unexcused or excused absences, the school will require documentation from the parent or guardian to show written verification of absences.

In the event of any absence, the student's parent or guardian is required to call the school before 10:00 AM to explain the reason for the absence. If the parent or guardian cannot be contacted, the student will be required to submit a signed note from the parent or guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence.

Students who have more than 10 absences during the semester, **regardless of the reason**, will be considered "frequently absent" and truancy officers will be informed. At that time, parents will be expected to provide verified documentation explaining the reasons for the absences. The Chippewa County Truancy Protocol will be followed.

Truancy

*ENDORSED BY CHIPPEWA COUNTY PROSECUTOR'S OFFICE
CHIPPEWA COUNTY 50TH CIRCUIT COURT FAMILY DIVISION AND 91st DISTRICT COURT*

There are three ways in which the Prosecutor's Office and 50th Circuit Court Family Division can become involved with your child:

1. The Compulsory Education law requires that "every parent, guardian, or other person in this state having control and charge of a child from the age of six to the child's sixteenth birthday, shall send that child to the public schools during the entire school year. The child's attendance shall be continuous and consecutive. . . ." Violation of this law is a misdemeanor punishable by up to 90 days in jail, a fine of up to \$50.00, probation for up to 2 years, or some combination of jail, fine and/or probation. These cases are handled in District Court of the jurisdiction where the offense occurs. A violation of this law occurs "if a child is repeatedly absent from school without valid excuse" or the adult responsible for the child does not make EVERY attempt possible to get the child to school.
2. Chippewa County Ordinance #94-1 (Parental Responsibility) states that parents are responsible "to require the minor to attend regular school sessions and to prevent the minor from being absent from school without parental or school permission". Violation of this ordinance is a misdemeanor punishable by up to 90 days in jail and/or a fine of up to \$500.00. A violation of this ordinance occurs when a parent, by any action, or lack of action, encourages, causes or allows his/her child to be truant, OR when a parent knew or should have known that his/her child was likely to be truant and failed to take timely and appropriate steps to prevent it.
3. The Juvenile Code also gives the Family Division of the Circuit Court jurisdiction over children and their parents when a "child willfully and repeatedly absents himself or herself from school or other learning program intended to meet the child's educational needs..." MCL 712A.2(a)(4). However, to take jurisdiction under this provision we must be able to show "The juvenile willfully and repeatedly absents himself or herself from school or other learning program intended to meet the juvenile's educational needs, or repeatedly violates rules and regulations of the school or other learning program, and the court finds on the record that the juvenile, the juvenile's parent, guardian, or custodian, and school officials or learning program personnel have met on the juvenile's educational problems and educational counseling and alternative agency help have been sought. As used in this sub-subdivision only, "learning program" means an organized educational program that is appropriate, given the age, intelligence, ability, and psychological limitations of a juvenile, in the subject areas of reading, spelling, mathematics, science, history, civics, writing, and English grammar."

DEFINITIONS

Days absent – Days absent are simply (school defined) absences, and do not include behavioral suspensions or preapproved absences. Days counted are cumulative. A count is taken from the beginning of the year to the end of the year, not semester by semester.

Parents/guardian – Custodial parent or guardian the child currently resides with at the time of the truant behavior.

Truancy – When a child is repeatedly absent from school without a valid excuse and a parent, guardian, or other person in parental relation fails to send a child under his or her control to the public school or other school listed under MCL 380.1561, the child is truant.

Complaint – A criminal petition, filed by school officials, indicating truant behavior by a child, child's parent, or guardian. The petition is forwarded to the county prosecutor for review and authorization. If the petition is completed appropriately and the truancy protocol has been followed, the petition will be authorized and forwarded to the 50th Circuit Court Family Division or 91st District Court for disposition.

Tardies – Defined by each school as "minutes late" will count toward absences in the protocol. Three (3) tardies equal one absence.

In accordance with the State of Michigan Compulsory Attendance Law, and in cooperation with the Chippewa County Prosecutor's Office, our school will follow the procedures listed below when students age six to 16 years of age accumulate excessive absences.

After the 6th Absence

When a student reaches his 6th absence in one or more of his/her classes, a school official will contact the parent and/or student regarding the excessive absences. The purpose of the contact will be to discuss the Attendance Policy, Chippewa County Truancy Protocol and the consequences if the student continues to be absent from school.

After the 9th Absence

A school official will attempt to contact the parent/guardian to discuss the student's ongoing attendance issue. If the parent/guardian cannot be contacted by phone, a restricted certified letter will be mailed to the adult responsible for the student, along with a copy of the school's attendance policy, student's attendance record and the Chippewa County Truancy Protocol.

After the 12th Absence

An attendance-planning meeting will be held at the school. The student and parent/guardian will be required to attend this meeting. Failure to attend the meeting will result in a Complaint being filed with the Chippewa County Prosecutor's Office.

Further Absences

A complaint will be forwarded to the Chippewa County Prosecutor's Office.

****In accordance with the Chippewa County Truancy Protocol, any student receiving a 3rd unexcused tardy recorded in a given semester, will have an absence recorded in the student attendance record which will be counted toward the six (6) day limit. For subsequent tardies, absences would only be recorded after each time 3 additional unexcused tardies have accumulated and so on.*

FOR EVERY 5 ABSENCES FROM SCHOOL, THE STUDENT MAY BE DEDUCTED 10% OF THEIR TOTAL GRADE.

Bus Transportation

The district provides bus transportation to and from school. A list of bus stops will be published at each building approximately (1) week prior to the start of the school year. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the school office. These notifications for changes to bus routes need to be made prior to 2:30 pm each day to ensure time to make appropriate arrangements on the school's end. Students must be at their designated bus stop (5) minutes prior to the estimated pick up time to ensure the bus routes maintain route schedules.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the bus drivers, transportation supervisor and/or building principal. **Riding the school bus is a privilege that can be revoked if the student does not comply with the bus safety rules.**

STUDENTS NEED TO HAVE A PARENT OR GUARDIAN PICK THEM UP AT THEIR STOPS AT THE SCHEDULED TIMES GIVEN AT THE BEGINNING OF THE YEAR. IF A PARENT NEEDS TO BE CALLED MORE THAN THREE (3) TIMES TO REMIND THEM TO GET THEIR CHILD FROM THE BUS STOP, WE WILL NO LONGER BE PROVIDING TRANSPORTATION FOR THAT STUDENT. Riding the school bus is a privilege that can be revoked.

Parents/guardians will be informed of any and all inappropriate student behavior on a bus. Parents/guardians are encouraged to discuss bus safety and appropriate behavior with their children before the beginning of the school year and regularly during the year. Students will receive bus safety training and parents/guardians are encouraged to discuss these events with their children as they occur.

In the interest of the student's safety, students are expected to observe the following rules:

1. Be courteous and respectful: No profane/vulgar language or gestures.
2. The bus driver is authorized to assign seats as deemed necessary. Students are expected to cooperate.
3. Remain seated while the bus is in motion.
4. Sit facing forward. Keep feet on the floor and out of the aisle.
5. Keep the bus clean. Do not be destructive.
6. Keep hands, head, feet, etc. inside the bus.
7. Do not throw objects on, at, or out of the bus.
8. Refrain from yelling or screaming. Use quiet voices.
9. Hitting, fighting, or horse playing is not tolerated.
10. Students are not allowed to leave the bus without driver consent.
11. Respect all bus drivers and any other school personnel.
12. No distractions at any railroad crossings.
13. No tobacco products, drugs, or weapons allowed on the bus. This includes look-a-like.
14. Electronic equipment is allowed on the bus, i.e. radios, Walkman's, cd players, headphones, cell phones, however the district is not responsible for lost, stolen, or damages of electronic equipment or other personal items.

Bus transportation is a privilege and students are expected to cooperate at all times with school authorities and bus drivers, and to follow the school bus rules. It is necessary that students observe all bus rules and regulations for everyone's safety. Students may be suspended from riding the school bus for engaging in misconduct. Video cameras may be active on busses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus. Medication Policy

Medications are prescription, non-prescription and/or homeopathic drugs/remedies. Medications will be given only with a written order from the physician/licensed prescriber and written permission from a parent/guardian. A "Medication Administration" form can be picked up from the office and must be completed prior to bringing the medication to the school. Medication, whether or not it is prescription or over the counter, **must be delivered to school by an adult.**

The physician/licensed prescriber's order should include:

- Name of student
- Name of medication
- Specific dosage
- Time(s) medication is to be given
- Date of authorization and termination of administration
- Possible side effects of the medication
- Special instructions pertinent to the child or medication
- Name, address, phone number and signature of physician

New authorization is needed at the beginning of each school year. Any change in medication, dosage or time(s) will require a new authorization from the parent/guardian and new instructions from the physician/licensed prescriber. All medications will be counted together by the parent and staff and recorded in the student medication record when received. No more than a 26-school day supply will be kept at the school.

Students may be authorized to carry their medication with them and self-administer it (Inhalers, Epi-Pens, and Diabetic Supplies) if the following are met:

- Both the parent/guardian and the physician/licensed prescriber have completed the "Medical Authorization form for self-administration" form
- The parent/guardian, physician/licensed prescriber and the building administration have determined that the student is capable and responsible to self-administer his/her medication(s) and have provided instructions for this.
- It is understood that the school staff will not supervise, monitor, or maintain records of self-administered medication.
- Any misuses of medication that violates district policies, such as the selling or giving away of medication, will result in the revocation of self-administration privileges and may result in referral to law enforcement officials.
- Building administration may disallow self-administration if they deem it necessary for the safety of the student population.

All medication will be administered only from containers properly labeled by a pharmacist or other licensed dispenser of medicine (most pharmacists will provide an extra labeled bottle on request). Unused medication will be picked up by the parent/guardian. Empty containers shall be promptly returned to the parent via the student. No medication will remain in the building over the summer. Unused medication not picked up by the parent/guardian or contaminated medication will be disposed of properly.

Due Process Rights

Before a student may be suspended or expelled from school, there are specific procedures that must be followed:

Suspension from School: When a student is being considered for a suspension of ten (10) days or less, the administrator in charge will notify the student of the charges. The student will then be given an opportunity to explain his/her side and the administrator will then provide the student the evidence supporting the charges. After that informal hearing, the principal will make a decision whether or not to suspend. If a student is suspended, he/she and his/her parents will be notified, in writing within one (1) day, of the reason for and the length of the suspension.

When a student is suspended, he/she may make-up work missed while on suspension. Any learning that cannot be made up such as labs, field trips, skill-practices, or any learning that the student chooses not to make-up may be reflected in the grades earned. A student being considered for suspension of more than ten (10) days will be given due process as described in the expulsion section below.

Long-Term Suspension or Expulsion from School: When a student is being considered for long-term suspension of more than ten (10) days or expulsion, the student will receive a formal letter of notification addressed to the parents which will contain:

- The charge and related evidence;
- The time and place of the Board meeting;
- The length of the recommended suspension or expulsion;
- A brief description of the hearing procedure;
- A statement that the student may bring parents, guardians, and counsel;
- A statement that the student may give testimony, present evidence, and provide a defense;
- A statement that the student may request attendance of school personnel who were party to the action or accused the student of the infraction.

Students being considered for long-term suspension or expulsion may or may not be immediately removed from school. A formal hearing is scheduled during which the student may be represented by his/her parents, legal counsel, and/or by a person of his/her choice.

After notification of long-term suspension or expulsion, the long-term suspension or expulsion may be appealed, in writing, to the Superintendent. The appeal will also be formal in nature with sworn testimony before official(s) designated by the Board of Education. The appeal will be heard in an open session unless the student or the student's parent or guardian requests a closed session. Again, the right to representation is available. The opportunity to earn grades or credit ends when a student is expelled.

Discipline of Students with Disabilities: Students with disabilities are entitled to the rights and procedures afforded by the Individuals with Disabilities Education Act (I.D.E.A.) and the Americans with Disabilities Act (A.D.A.).

Students may choose to report to a person of the student's same sex. Complaints will be kept confidential to the extent possible given the need to investigate. Students who make good faith complaints will not be disciplined.

Any student who is determined, after an investigation, to have engaged in bullying, intimidation, harassment or threatening will be subject to disciplinary consequences as provided in this handbook, including but not limited to, suspension and expulsion consistent with the school and district's discipline policy. Discipline of Students

Lunch Detention

Students will be served their lunch in the main office where they will sit in silence and eat. Upon completing their lunch, they may be asked to complete simple tasks around the office.

In-School Suspension

A student may be assigned in-school suspension as a consequence of actions. While serving in-school suspension, students are expected to do their assigned daily work. They may also be required to do community service. All work must be completed without access to technology. Arrangements will need to be made with teachers for alternative assignments if technology needs to be used.

Out-of-school Suspension

Out-of-school suspension may be assigned as a consequence for more serious offense. While serving an out-of-school suspension, a student must not participate in any school activities and are not permitted on school grounds. They are expected to make up all work missed for a reduced percentage that will be determined by the individual teachers.

Code of Conduct for Students

Students are expected to conduct themselves in a reasonable, orderly manner at all times. It will be also expected that they will display the highest level of respect for all members of the school community. The commission of, or participation in, activities that are among those defined as criminal under the laws of the State of Michigan is prohibited. This includes activities in school buildings, on school property, or at school sponsored events. Disciplinary action may be taken by the school regardless of whether or not criminal charges result.

To establish the best possible learning atmosphere for the student, as well as to provide for the health, safety and welfare of all students and employees of the Whitefish Township Community Schools, the Board of Education has adopted the following regulations along with guidelines for consequences when these regulations are violated. These regulations apply to all students for all activities of Whitefish Township Community Schools. This list is not intended to be exhaustive, and included, but is not limited to the following:

Definitions: Every effort will be made to solve disciplinary problems within the school setting and without excluding a student from school. If this cannot be done, exclusion may be necessary. These exclusions may fall in the following categories:

Field Trips

Field trips are a worthwhile part of a student's education and are designed to be entertaining and educational. Students and parents are expected to exhibit proper and acceptable behavior during each field trip. If improper behavior is exhibited, those students and parents may lose the privilege of being included in the next field trip. All students must ride the school bus to and from the field trip. No student may participate in any school-sponsored trip without parental consent. Attendance rules apply to all field trips.

We have limited space for field trip chaperones. Chaperones may not bring younger siblings or friends on field trips. As a chaperone, your help is needed in supervising students. The use of tobacco products, alcohol, or display of physical affection at any time during a field trip – even out-of-sight of students is prohibited. Your cooperation is greatly appreciated.

Gum and Candy

Gum chewing is based on individual classrooms. Candy or snacks are not to be eaten outside the lunchroom unless it is a teacher-sponsored activity. Students are not allowed to have "energy drinks" on school grounds.

Dress Code

Although no dress code can itemize every item that is unacceptable for school, the following guidelines will be expected and enforced by all staff at Whitefish Township Community Schools:

- The Administration will make the final determination regarding dress and grooming.
- Students are not allowed to wear their coats to class. Lockers are provided for the storage of these items.
- Students are not permitted to wear clothes i.e. jeans with holes or rips of any size in any locations.
- Shoes, sandals, or appropriate boots must be worn at all times (no slippers or house shoes).
- All students wearing shorts/skirts must be covered to point on their thigh so when the student is standing with arms in a relaxed position, fingertips will still rest two inches above the bottom edge of the shorts.
- All pants and shorts are required to be worn at the waistline.
- Tops must be long enough to tuck in at waistline; no skin on the torso should be exposed.
- Undergarments should never be exposed.
- Shirts must cover shoulders by at least three inches of material. Girls' tops should not expose cleavage.
- Clothing, jewelry or any other items that promote gang, cult or racist activities are prohibited.
- Clothing which advertises, promotes, or contains alcoholic beverages, tobacco products/promotions, illegal substances, weapons, inappropriate adult themes or obscene matter in print, pictures, or symbols are not permitted.
- Heavy chains or belt/pocket chains are not to be worn.
- Hats and head garments cannot be worn in the building at any time. (Exceptions may be made for special occasions, i.e., homecoming activities). Hats and head garments will be confiscated. Students who are representing our school at an official function or public event may be required to follow the specific dress requirements.
- Sagging is not permitted.
- Pajama pants are not permitted. Pajama pants are **NOT** to be worn to school. No sweatpants, pajama pants or other pants are to be worn inside out, including pockets.
- Du-rags, sunglasses or picks and combs are not to be worn in the hair.

Student Fees and Charges

Students using school property and equipment can be fined for excessive wear and abuse of the property or equipment that may result in the loss of these privileges. The fine is used to pay for the damage, not to make a profit. Late fines can be avoided when students return borrowed materials promptly, as others may need their use. The school may establish fees and charges to cover the costs for certain extracurricular and noncredit activities. Materials for clubs, independent study, or special projects, as well as transportation costs and admission/participation fees for District-sponsored trips and activities may be included. Fees will not be charged for any mandatory school activity or required curriculum activity. Extra-curricular activities for which fees are charged may not be used in determining credit or grades in any course. A fee shall not exceed the combined cost of the service(s) provided and/or materials used. When school property, equipment, or supplies are damaged, lost, or taken by a student, whether in a regular course or extra-curricular offering, a fine may be assessed. The fine will be reasonable, seeking only to compensate the school for the expense or loss incurred. The late return of borrowed books or materials from the school libraries will be subject to appropriate fines. Failure to pay the fines may result in loss of privileges. A student whose parent/guardian is unable to afford these fees may request a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment. Applications for fee waivers may be submitted by a parent/guardian of a student who has been assessed a fee. The building principal will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process should be addressed to the building principal.

Education of Students with Disabilities

It is the intent of the school district to ensure that students who are disabled within the definition of the Individuals with Disabilities Education Act ("IDEA") or Section 504 of the Rehabilitation Act of 1973 ("Section 504") are identified, evaluated, and provided with appropriate educational services.

The school district provides a free appropriate public education in the least restrictive environment and necessary related services to all students with disabilities enrolled in the school.

For the provision of special education programs and services under the IDEA, the term "student with a disability" means a person between ages 3 and 26 for whom it is determined that special education services are needed. A student who

reaches age 26 after September 1 is a "student with a disability" and entitled to continue a special education program or service until the end of that school year.

For the purposes of complying with Section 504, a "student with a disability" is a person who:

- (1) Has a physical or mental impairment which substantially limits one or more of such person's major life activities;
- (2) Has a record of such an impairment; or,
- (3) Is regarded as having such an impairment.

TITLE IX: DISCRIMINATION AND SEXUAL HARASSMENT

Pursuant to Title IX of the Education Amendments of 1972, "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving of federal financial assistance." Using the guideline of Title IX, Whitefish Township Community Schools Board of Education is committed to providing students with a learning environment free from sexual harassment or gender discriminatory behavior.

It shall be a violation of policy for any student, teacher, administrator, school personnel, agents, volunteers, or third parties subject to the supervision and control of the school board to harass or discriminate against a student based upon sex. Acts of sexual harassment or inappropriate employee-student relations or student-peer relations are prohibited at all times during the school day including while on school-sponsored transportation, during observation or participation in after-school activities, and during school-related functions such as sporting events, social activities or field trips.

Sexual Harassment Defined:

Sexual harassment is any unwelcome conduct of a sexual nature that is sufficiently severe, persistent, or pervasive as to create an intimidating, hostile or abusive educational environment; or substantially or unreasonably interferes with an individual's education; or limit an individual's ability to participate in or benefit from the education program. Such conduct includes but is not limited to:

...verbal harassment or abuse; pressure for sexual activity; sexually motivated or inappropriate hugging, kissing, patting, massaging or pinching; sexual behavior or words, including demands for sexual favors; implied or overt threats accompanied with demand for sexual favors; remarks of a sexual nature about a person's clothing or body; fondling or grabbing; spreading sexual gossip; subjecting someone to sexual materials; and sexual assault or rape.

Gender Discrimination Defined:

Gender discrimination occurs when different treatment or consideration takes place due to the sex or gender of the individual rather than individual merit. The behavior complained of must be directed toward a specific gender and free from any reasonable justification. Under the regulation of Title IX, the Whitefish Township Community Schools Board of Education prohibits gender discrimination in areas including but not limited to: educational assistance, i.e. tutoring, after-school learning; counseling services; receiving college preparation materials; receiving preparatory materials for school testing; physical education and athletics; student rules and policies; and extracurricular activities.

The Whitefish Township Community Schools Board of Education is committed to providing both genders with a positive learning environment and will enforce that all individuals, regardless of gender, receive equitable treatment and benefits. Any student who believes he or she has been the victim of harassment or discriminatory behavior must immediately report such behavior to the Title IX Coordinator. The Title IX Coordinator will then notify the school principal of the alleged acts. Complaints should be directed to Mr. Thomas O. McKee, (906) 492-3353.

Reporting and Investigating of Harassment or Discriminatory Behavior

A. Reporting

Any student who believes he/she has been the victim of harassment or discriminatory behavior by another student, teacher, administrator, school personnel, agent, volunteer or third party is to immediately report the alleged conduct. A student need not fill out a formal complaint when reporting alleged harassment or discriminatory behavior. The reporting of harassment or discriminatory acts can be informal or made orally to the Title IX Coordinator or another designated authority. Generally, a report should be made within 45 days of the conduct or act giving rise to the complaint.

B. Investigation

The Whitefish Township Community Schools Board of Education will act to investigate all complaints, formal or informal, verbal or written of sexual harassment or other discriminatory acts and will discipline or take appropriate action against any student, teacher, administrator, school personnel, agent, volunteer, or a third party who is found to have violated this policy. The Whitefish Township Community Schools Board of Education will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Whitefish Township Community Schools Board of Education's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. Before the commencement of any investigation, the parent(s) or guardian(s) of each student involved in the allegations, including witnesses, will be contacted.

The investigation may include, but is not limited to reviewing documentation, conducting phone conferences, on-site observations, or personal interviews with the complainant, the individual(s) against whom the complaint is filed, individuals who may have knowledge of the alleged incident(s) or circumstances giving rise to the complaint. Parents or guardians may only be present for interviews involving their child.

In determining whether alleged conduct constitutes a violation of this policy, the Whitefish Township Community Schools Board of Education should consider the surrounding circumstances, the nature of the behavior, past incidents or past or continuing patterns of behavior, the relationships between the parties involved and the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances. A preponderance of evidence standard of proof will be applied to all situations involving complaints and grievances alleging harassment and discriminatory acts.

The investigation by the Whitefish Township Community Schools Board of Education will be completed within 10 school days. If the investigation should take longer than the allotted 10 days, all parties involved will receive written notice of the estimated date for the investigation to be completed. At all times during the investigation, the Whitefish Township Community Schools Board of Education designee will keep all matters confidential when applicable. At the conclusion of the investigation, the Whitefish Township Community Schools Board of Education designee will provide a written report to the Superintendent. The report shall include a determination of whether the allegations have been corroborated and found to be factual. Generally, the report will be submitted to the Superintendent within a period of 15 days.

If at any time during the investigation the complaint is deemed to include false reports provided by a student or any school employee, the individual will be subjected to disciplinary action that includes, but is not limited to suspension, expulsion, or termination of employment.

All students subjected to sexual harassment or discriminatory behavior will be provided all available support services from counselors, school psychologists, and school social workers to receive adequate emotional and physical support. No reprisals will be taken against any complainant on account of any complaint made in good faith and subsequently decided as a result of an investigation.

A. Informal Grievance

Alleged Acts not involving the principal or member of Whitefish Township Community Schools Board of Education.

The student may elect to have an informal grievance when the nature of the grievance concerns the behavior of any peer or school employee (other than the principal or member of the Whitefish Township Community Schools Board of Education). It is not required that a student have an informal grievance.

Step One: Within five days following the event or condition that is the basis for the grievance, the complainant may request a meeting with the student or employee with whom they disagree, members of the grievance committee, and the Title IX Coordinator (the principal may or may not be present during this first meeting of the informal grievance process).

Step Two: Within five days following the conference request, the student or employee may elect to confer with the complainant under the supervision of the Title IX Coordinator and attempt to resolve the grievance through an oral response.

Step Three: If the complainant is not satisfied with the student or employee's oral response, the informal grievance will advance to the principal in the event that the original grievance did not involve the principal. The principal will take the notes provided by the Title IX Coordinator and schedule another meeting in an attempt to resolve the conflict between the complainant and the student or the employee. At the conclusion of the meeting, the principal shall then consider the informal grievance and provide an oral or written response to the complainant within five days.

Step Four: In the event that the complainant is still not satisfied with the outcome of the grievance, he/she must file a formal grievance within five days of the oral or written response of the principal or the grievance will be deemed abandoned.

Alleged Acts Involving the principal or member of the Whitefish Township Community Schools Board of Education.

If the nature of grievance involves the misconduct of the principal or any board member of the Whitefish Township Community Schools Board of Education, the complainant must first contact the Title IX Coordinator.

Step One: The complainant has five days to request an appointment with the Title IX Coordinator following the event or condition.

Step Two: Serving as mediator, the Title IX Coordinator will then schedule an appointment with the complainant, the principal or board member designee. Before the conclusion of the meeting, the principal or the board designee must attempt to resolve the grievance verbally. If the complainant is not satisfied with the verbal response, he/she must file a formal grievance within five days of the verbal response, or the grievance is deemed abandoned.

Formal Grievance: A student may elect to first participate in the formal grievance procedure.

Step One: Under the formal grievance, generally, the complainant should submit his/her complaint in writing within 45 days. The Formal Grievance form (copy of the form is located in the administrative office of each school) may be used but is not required. The student should address the form to the principal or his/her designee, who will then present a copy of the form to the person who is the nature of the grievance. The complainant must provide the following information in order to be considered complete:

- 1) name of the person against whom the grievance is against;
- 2) the specific nature of the grievance;
- 3) date, time, and place of the event or condition that caused the grievance;
- 4) witnesses present during the alleged act(s);
- 5) the name and title of the third-party representative (if applicable) of the complainant;
- 6) the action requested to resolve the grievance;
- 7) the signature of the complainant.

Step Two: The principal may schedule a meeting with the complainant and the person who is the subject matter of the grievance. The person(s) who the grievance is against shall respond to the complainant in writing within five days of the meeting and present it to the principal. The principal will make a copy of the response and submit it to the complainant.

Step Three: In the event that the complainant is not satisfied with the response, the principal will begin an investigation and will schedule another meeting with the complainant where the principal will explain the nature of the investigation and provide an approximate timeline for the investigation. At the conclusion of the investigation, the principal may schedule a meeting with the complainant, the person whom the grievance is against, and a Board designee. The Board designee will serve as mediator and attempt to resolve the conflict. Within five days of the meeting, the Board designee will provide the complainant with a written response outlining his/her decision about the complainant's grievance.

Student Appeals Process

If the complainant is still not satisfied with the result of the formal grievance process, he/she may appeal the decision with 30 days of receipt.

Step One: The complainant must direct all notifications of appeal to the attention of the Formal Grievance Form. Within 10 days of receiving the Formal Grievance Form, the Superintendent will then review any documentation leading to this event and present his/her response in writing to the complainant.

Step Two: If the complainant is not satisfied with the response of the Superintendent, he/she has five days to submit a written request to the members of the Whitefish Township Community Schools Board of Education to schedule a grievance hearing. The Whitefish Township Community Schools Board of Education will provide the complainant with a least two days' notice of the grievance hearing. The complainant, parents/guardians third party representative (if applicable), and the person whom the grievance is against are asked to be present at the hearing.

Step Three: The complainant or any party representing the complainant, as well as the opposing party, will be allowed to present a five-minute opening statement. Each side will then have no more than 30 minutes to present their position. Following the presentation of positions, each side will have no more than five minutes to present a closing statement. During any part of the presentation, each party may present the Whitefish Township Community Schools Board of Education with any copies of documentation to aid the Board in its review. It is required that each board member receive at least three copies of all materials presented.

Step Four: Upon the conclusion of the presentations, Whitefish Township Community Schools Board of Education will convene privately to make a decision and verbally present the decision to the parties. Each party will also receive a written response from the Whitefish Township Community Schools Board of Education within five days of the grievance hearing.

This completes the Whitefish Township Community Schools Board of Education's formal grievance process.

Child Find Notice

According to state and federal special education regulations, annual public notice to parents of children who reside within a school district, PSA or Charter School is required regarding child find responsibilities. School districts, intermediate units and charter schools are required to conduct child find activities for children ages 3-26 who may be eligible for special education programs and services. If parents believe that the child may be eligible for special education, the parent should contact the school district where the child attends. Private School- The school district within whose boundaries the non-profit private school is located is responsible for child find activities. The school district responsible for child find activities for students placed by their parents in a for-profit private school is the district of residence.

Whitefish Township Community Schools Child Find Policy requires that all children below twenty-six years of age residing within the district who have a disability and who are in need of special education and related services are located, identified, and evaluated in accordance with all federal regulations and state standards. If you suspect that your child may have a disability, please contact:

Consent

Schools cannot proceed with an evaluation or reevaluation, or with the initial provision of special education and related services, without the written consent of the parents. The school district, Charter, PSA or nonpublic will ask for parents written consent to evaluate a child. A procedural safeguards document will be provided to the parent upon the district receiving parental consent to evaluate a child for a suspected disability.

For students transferring from in state or out of state- the school will review enrollment data and educational performance in the prior district. If the student is already special education eligible, the district will implement the current IEP or hold a new IEP within 30 school days of enrollment. IF the student has had a history of poor performance in school, the student will be processed through the SAT process for consideration of a need for support and ultimately an evaluation for special education eligibility.

Evaluation Process

When parental consent is obtained, the district has 30 school days in which to conduct the evaluation(s) and hold an Individualized Education Planning (IEP) meeting.

Documentation of Child Find activities- required to maintain documentation of identification procedures, dates of entry into school, or notification by parents of concerns regarding developmental or education progress by their child, and dates of screening in the student's permanent records.

If you have any questions about this, please contact Thomas McKee at (906) 492-3353 or tmckee@eupschools.org.

Teacher Qualifications

Parents may request information about the qualifications of their child's teachers and paraprofessionals, including: **Whether the teacher has met State certification requirements; is teaching under an emergency permit or other provisional status by which the State licensing criteria have been waived; The teacher's college major; Whether the teacher has any advanced degrees and, if so, the subject of those degrees; and the educational background of any paraprofessionals or other instructional aides that provide services directly to your child.** Questions outside of these above will need to be documented and formally submitted. Responses to these questions are up to the leadership of the school district.

Review of Instructional Materials and Activities

Parents have the right to review any instructional materials being used in the school. They also may observe instruction in any class, particularly those dealing with instruction in health and sex education. Any parent who wishes to review materials or observe instruction must contact the principal prior to coming to the School. Parents' rights to review teaching materials and instructional activities are subject to reasonable restrictions and limits.

School Property and Equipment, Personal Effects of Students

School authorities may inspect, and search school property and equipment owned or controlled by the school (i.e., lockers, desks), as well as personal effects left in those locations by a student, without notice to or the consent of the student. Students

School authorities may search a student and/or the student's personal effects in the student's possession (e.g., purses, wallets, knapsacks, book bags, lunch boxes, cell phones) when there is a reasonable suspicion that the search will produce evidence that the particular student has violated or is violating either the law or the school district's rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken.
